

Town of New Denmark Comprehensive Plan Announcement

What's Going On?

The Town of New Denmark, with the assistance of the Brown County Planning Commission, is beginning the process of updating the Town's comprehensive plan and wants to hear from you. The comprehensive plan will guide how the Town develops over the next twenty years, and that's why it is important for your voice to be heard. We want you to tell us how you want the Town to look twenty years from now.

Why Now?

The current plan is more than ten years old, and future decisions regarding the provision of services, transportation network, and use and reuse of the land in the Town have to be consistent with an updated comprehensive plan to comply with the State's Comprehensive Planning Law.

Purpose of the Town-wide Visioning Workshop.

The purpose of the visioning workshop is to determine the Town's top priorities for future development and redevelopment by identifying residents' thoughts and concerns about the Town of New Denmark. Your assistance will help out this process.
